

Scope of works

Beatties completed works to two commercial units in Amesbury for an established landlord.

Overview

We over saw and managed a large and diverse scope of works within the unit which included:

- Identifying and making safe asbestos.
- Lighting design, supply and installation.
- Design and installation of new toilet cubicles and vanity units.
- Decorations throughout.
- Flooring throughout.
- External concrete repairs.
- External cladding repairs.
- External clean.
- Validation of existing systems.
- Ceiling replacement.
- MMA line marking.
- Tile repairs.
- Roof clean.
